

TIMES OF YOUR LIFE

R. Salaysay, P. Windrum, C. Camp

Even while you sleep
 she said I'll never leave
 Staring at you just watching
 as you breathe
 And then suddenly you disappeared
 As you came back there's joyous tears
 Living the times of your life
 So I sing, Na na na na na na na

Now let's begin on your recovery
 Don't worry if it doesn't come easy
 If you stumble when you try
 I will always be nearby
 Start living the times of your life

I'd like to think that we'll
 always be friends
 Believing in the good times up ahead
 Cuz when your life's been torn apart
 A new day's dawning in your heart
 Never too late to start

Chorus

If the journey's a thousand miles
 Go on forward with a smile
 Keep living the times of your life

Be thankful for the life you live today
 Let the Lord always guide your way
 There's so many things you wanna do
 But you have to start anew
 Living the times of your life

Repeat Chorus

So I sing, Na na na na na na na
 Na na na na na na na

Never too late to start
 Na na na na na na na

FIND YOUR WAY

R. Salaysay, P. Windrum, C. Camp

I wonder what it's like to get inside
 your mind, and be silent
 When able to receive a second chance
 at life, it's a blessing
 And if the silence means
 you're peaceful in a dream
 Taking shelter from the misery.

Looking into your eyes I try to
 understand, what you're saying
 Moving fingertips they're always
 searching, for an answer.
 Then suddenly awake
 new memories to make
 By your side as you begin to heal.

Let's make a brand new start.
 Where love can always find
 A way inside the hearts of every man
 And as each day goes by
 we'll do all we can
 Together we can learn
 and help you find your way

The days go passing by
 there's new hope in your eyes
 and we're smiling
 Learning once again so many
 simple things
 We take for granted
 Let's start each day a new
 we'll be here to see you through
 So grateful for your recovery

Let's make a brand new start
 We'll do all we can
 Together we can learn
 and help you find your way
 Yes together we can learn
 as we help you find your way

THE PROMISE OF TOMORROW

R. Salaysay, P. Windrum, C. Camp

There you lie feeling low
 but you can comprehend
 At one time full of life
 and now you need a friend
 Life's too short for one to grieve
 Nothing's hard if you believe

Chorus

The promise of tomorrow
 Beyond the dark and heavy clouds
 The sun is high up in the sky
 The promise of tomorrow
 However short this life can be
 The Lord has plans for you and me

Heavy rain sleet or snow
 they're all just passing through
 Storms of life are what we face
 But it's rainbows we pursue
 Life's too short for one to leave
 Nothing's hard if you believe

Repeat Chorus

Open minds understand
 In His Hands
 The world never ends

Today I share this song
 it's my gift to you
 Making each day special
 turning gray skies blue
 Life's too short live and breathe
 Nothing's hard if you believe....

Repeat Chorus

ANGEL IN DISGUISE

R. Salaysay, P. Windrum, C. Camp

We hardly knew each other
but the time was right
And this was meant to be
Sharing stories about our loves and life
reliving our history
Time spent together
we became friends

A special memory about
your loving wife
When you first saw her that day
Strolling down the steps
as the lights came up
music began to play
You knew you found her
right there and then

There you saw an angel
Heavens light shown in her eyes
Falling in love forever
With your angel
in disguise

We're making sure that your legacy
Is a living memory
Which flows eternally

You asked me if it's possible to have
more time
to spend with family
Filling up our lives every single day
to its capacity
Then you looked around
for the very last time

There you saw an angel
Heavens light shown in her eyes
Love lives on forever
With your angel

Now he's become her angel
Watching over her
An angel
Forever by your side

**LEAVING ALL MY BLUES
BEHIND**

R.Salaysay, P.Windrum, C. Camp

He told me this is the story
Of the fight for my life
They say I'm hanging by a thread
and I don't even have a chance
A life changing situation
You tell me how can one prepare
But now it's safe to say I'm ready
Leaving all my blues behind

Can't understand how long's it's been
I don't even know for sure
Can hardly speak my body's weak
Cannot tell exactly how I feel
But one thing I know is that
My faith will show the way
Even if I should drift away
I gonna be in my sanctuary
Leaving all my blues behind

It's not too late to make amends
For things I never changed
Forgive me if I didn't say I'm sorry
Leaving all my blues behind

And thankfully I am at peace
accepting what life brings
I know you're standing next to me
To cheer me up
and give me hope inside
But one thing I know is that
I made it through the fight
And now a chance to make it right
I do not want to say goodbye
to you all
Thank you for your loving guide
Thank you for my peace of mind
To get another chance at life
I'm leaving all my blues behind

Blues....Blues....Blues....
I'm leaving all my blues behind
I got another chance at life
I'm leaving all my blues behind

MIRACLES

R. Salaysay, P. Windrum, C. Camp

Hoping for a miracle
For someone you really love the most
Keep in mind life keeps
circling on its own
Up and down the days keep moving on

If I tell you now please understand
Hear these explanations from my heart
To sacrifice is just a simple part of life
Necessary to sustain your love

Chorus

I'll be here by your side
We'll be praying tonight
My hand's yours to hold
As the hardships unfold
Just remember
up on the promised land
Peace is always there

Every day is like an open book
An invitation for the hearts involved
Turn the pages
and you'll find that it reveals
The possibilities if you believe

Repeat Chorus

Tonight as I 'm driving home
I think about the day I've been through
Another person I've never met before
Who was hoping for a miracle

We give our all,
but it's not really our call
His hands may heal or
greet another soul

Another person another soul
His healing hands have touched
another soul

BE STRONG BE BRAVE

R. Salaysay P. Windrum, C. Camp

Gathered by your side
 Waiting for a guide
 Let's make each moment last
 Cuz time is running fast
 Wanting to do what's right
 But not without a fight
 Be strong Be brave Be free to share
 Let the gift of love go everywhere

Your hopes of yesterday
 May seem so far away
 But dreams of life go on
 Long after we are gone
 And you'll make us so proud
 To hear you say out loud that you'll
 Be strong be brave be free to share
 Let the gift of love go everywhere

Out there somewhere
 a family's prayer
 Is answered by the gift you gave
 Because you were strong
 Yeah you were brave

Our legacy's defined
 by the joy we leave behind
 So be strong be brave
 believe in prayer
 See the love you share go everywhere

Be strong be brave
 Your gift of life will be everywhere

SURVIVOR

R. Salaysay, P. Windrum, C. Camp

You couldn't have imagined
 that you'd be here today
 But then life takes a sharp turn
 with us awhile you'll stay

Hey Survivor Go right on

Your loved ones prayers
 and the love they bring
 surround you as you heal
 Each day you're getting stronger
 but not sure how you feel

Things happen in our lives
 we can't foresee
 Just embrace the change
 and be set free free

Adjusting to your new life
 only you see wounds and scars
 Your family and friends
 still see a shining star

Hey survivor go right on pass it on

Things happen in our lives
 we can't foresee
 Just embrace the change
 and be set free free

Hearing your story
 teaches us all to care
 Help one another
 understand the love God shares
 Every time you hear this song
 remember all you've learned
 And make each day a blessing
 share your love with all concerned

Hey survivor Go right on
 Pass it on Pass it on

RIGHT BY YOUR SIDE

R. Salaysay, P. Windrum, C. Camp

Recollecting memories of your life
 As you drift off to sleep
 He's holding photos of your past
 Full of memories, that he'll keep
 Right by your side

So many stories are being shared
 as your family tree is traced
 Though you managed just a smile
 your eyes were filled with grace
 Right by your side

Chorus

When there's no blue skies in sight
 You always find a ray of light
 How you shine every time
 No wonder he's always seem
 A smiling beauty queen

With all the years that have flown by
 You've never changed
 you're still the same
 Sitting at your baby grand
 music is your middle name
 Right by your side

Repeat Chorus

The kindness shown
 throughout the years
 Is a blessing to your family
 Giving hope and sharing dreams
 Is your loving legacy
 Right by your side
 Right by your side

HE SEES HER SMILE

R.Salaysay, P. Windrum, C. Camp

As he watched her slip away
 he took her hand to pray
 Asking God for His loving grace
 strength to accept what they must face
 He can't believe he's lost his mate
 She's at heavens' gate
 The end of joyful years gone by
 he understands, but wonders why

With love in his heart
 they're never apart
 Across all the miles
 He sees her smile

They loved to talk they loved to dance
 it began their romance
 Remembering the day they wed
 and tucking children into bed
 The memories he keeps alive
 Fills emptiness inside
 The children's gift of love they share
 makes him feel as if she's there

With joy in his heart,
 they're never apart
 Across all the miles
 He sees her smile

Sometimes we feel
 that life's unkind
 Looking for answers we can't find
 There is one thing I know for sure
 Love will endure

Painful memories begin to fade
 New plans being made
 Knowing he can't touch her face
 but in his mind they still embrace
 With the help of family and friends
 he now begins to mend
 The love they shared is here to stay
 They'll reunite again some day

With peace in his heart,
 they're never apart
 Across all the miles
 He sees her smile
 Smile

YOU CAN MAKE IT BACK

R. Salaysay, P. Windrum, C. Camp

Just when life's going fine
 Uncertainty and troubles come
 No telling what will happen
 Tomorrow's promised, to no one
 But when you are fearless
 And your heart is brave
 You can always get back up
 And ride the wave

Cuz life can be just like the ocean
 Stormy seas toss you around
 Ride a wave back to the shore
 You've been there before
 you can make it back

His little girl fights for her life
 She had come so far so young
 Savings other from deep waters
 Now a hero for her must come
 Surrounded by the ones you love
 Helping you find your way
 Remembering things
 you've done before
 Starting over today

Cuz life can be just like the ocean
 Stormy seas can drag you down
 Ride a wave back to the shore
 You've been there before
 And you can make it back

Your dreams must never die
 They keep your hope alive
 Well believe that your time will come
 to survive to survive

Cuz life can be just like the ocean
 Up and down, with the tides
 Catch a wave and lean in to it
 Once you commit
 You can make it back
 You can make it back
 You can make it back

BE A NURSE

R.Salaysay, P. Windrum, C. Camp

I'm always ready
 to handle an emergency
 We're standing tall
 giving you our all
 For any injury
 Labor and delivery
 and in surgery
 You can count on me

Day in day out
 dawn till midnight
 I'm so proud to be a nurse
 And provide a helping hand

We'll down the hall
 and come a runnin' when you call
 Whatever's ailing you
 we'll know what to do
 Tell us how you feel
 So we can help you heal
 Just to see you smile
 makes it all worthwhile

All night every night
 dusk till daylight
 I'm so proud to be a nurse
 And provide a helping hand

I'm tired and beat
 from standing on my feet
 But tomorrow,
 I'm going do it all again

We'll teach you all about
 eating right and working out
 This is just what we do
 taking care of you
 I know it won't be long
 until you are feeling strong
 That's why I'm thankful
 I became a nurse

East coast West coast
 Great Lakes to the Keys
 We're a great big family
 And we're helping
 All around the world

Fun loving easy going
 I'm so thankful I became a nurse
 N U R S E Helping every one I see
 N U R S E The perfect job for me
 Anytime anywhere I'll be there
