**THE GREATEST GIFT (It's Not All About Those Christmas Trees)**

Peggy Windrum, Brandon Castillo

We've waited for the season  
Christmas time is here  
Tree is set in place  
Fresh one every year  
With ornaments and bright lights  
Garland 'round it too  
We all come together  
To sing of what is true

**Chorus**

We celebrate our savior's birth  
Sing carols in His name  
And the joy we share this holiday  
He gives us each new day  
It's the greatest gift one could ever receive  
It's not all about those Christmas trees

It's early Christmas morning  
Waking up to see  
Presents neatly wrapped  
Underneath the tree  
Remembering our treasure  
Gift from God above  
Joy is all around us  
Because of His great love

**Chorus (Repeat)**

**Bridge**

It's not about those Christmas trees  
Not about those lights in the street  
It's all about His love  
It's why we sing  
We sing

**Chorus (Repeat)**

It's not all about those Christmas trees
